Dear Sirs:

I'm taking the time today to inform you of how pleased I am with your firm's handling of my workers comp claim. I am most pleased with Eileen Pomento who represented your firm on my behalf. She is a very talented attorney who made sure to inform me step by step through the maize of legal hurdles the opposition continued to pursue from the beginning of the claim to the final settlement.

The most unbelievable thing to me was that Eileen had given birth twice while handling my case and never missed a beat. I think that's amazing! Also, the staff working with Eileen, attorney Michele Jones, Joselyn and Megan were there to assist her through out the whole process.

I'm letting you know I will recommend your firm and Eileen Pomento every chance I can. Thanks again to your firm and all those who assisted me through a very difficult time in my life.

Sincerely,

A handwritten signature in cursive script that reads "John J. Diaferio".
